CONDITIONS FOR THE COLLECTION AND DISPOSAL OF COMMERCIAL WASTE

The removal of commercial waste from business premises is not one of the services to which a ratepayer is entitled in return for the payment of business rates. A Local Authority may undertake the removal of commercial waste and shall make a reasonable charge for doing so.

- 1 . Failure to maintain payments in accordance with this agreement will result in the service being suspended or terminated without notice.
2. The contract will run for a minimum period of 12 months from the start date specified overleaf. Thereafter, the contract may be terminated by giving 3 months prior notice in writing addressed to the Commercial Waste Office, Nottingham City Council, Eastcroft, London Road, Nottingham, NG2 3AH.
3. Nottingham City Council will refuse to collect or accept for disposal any commercial waste likely to be dangerous to employees or likely to damage equipment.
4. Customers must be aware of their responsibilities under the Environmental Protection Act 1990, in particular the provisions relating to the "Duty of Care".
5. Nottingham City Council will review the charge for the provision of the service annually on 1 April and may at its sole discretion increase the charge to the customer. Additionally, in order to protect Nottingham City Council from substantial increases in collection and/or disposal costs, the charge for the service may be increased at any time on 7 day notice in writing to the customer.
6. The customer will indemnify Nottingham City Council, its agents, servants and licensees against any claims whatsoever arising out of the customers use of the container(s) provided for the collection of commercial waste under the terms of this Agreement.
7. Whilst on hire the container(s) are the responsibility of the customer. The cost of any loss or damage to the container(s) will be charged to the customer at the appropriate rate.
8. Side waste will not be collected without prior arrangement.

NOTES

All commercial waste customers should enter into a Commercial Waste Agreement if they wish Nottingham City Council to remove their refuse. Premises such as church halls, community centres, charity shops, hostels etc are categorised as commercial premises, and will be charged for refuse collection.
